

# RIGHTEOUS TALES

***Kids rock! Bible stories rule!  
We make Bible story apps for KIDS !!!***

**Righteous Tales** is a Seattle-based company that is focused on retelling the stories of the Bible on the devices of today. The world of media has moved from the living room to the jeans pocket, backpack, and purse. We believe that more kids will know God if we put the greatest stories ever told in **their** language on **their** devices.

Our stories are downloadable apps designed for kids 12 and under.

## ***Meet Spike!***

Say hello to Spike, the crazy sheep who thinks he's a dog. He enjoys rock music, herding sheep, and playing fetch! Keep an eye out for him in our new app, David vs. Goliath. You'll be surprised where he shows up!
